National and State Level Regulatory Requirements Specific to Pharmacy Benefit Management

State: Utah

Last Updated: 10/21/2026

Applicable Rule(s)

Utah Code § 31A-46-201, enacted under Chapter 46 of the Utah Insurance Code (Pharmacy Benefits Act) and operationalized through Utah Administrative Rule R590-282, establishes the licensing and regulatory requirements for Pharmacy Benefit Managers operating in the State of Utah. The statute mandates that a person or entity may not perform, offer to perform, or advertise pharmacy benefits management services in Utah without a valid license issued by the Utah Insurance Department.

Compliance Statement

The Pharmacy Benefit Manager maintains the required Utah Pharmacy Benefit Manager license pursuant to Utah Code § 31A-46-201 and maintains active status through the annual renewal process. The organization ensures continuous compliance by submitting mandatory management and ownership documentation, reporting material changes within 30 days, filing the comprehensive annual PBM report, and adhering to operational prohibitions.
